

The background features several decorative elements: a horizontal blue bar at the top with a circle split vertically into dark and light blue halves; a vertical blue bar on the right with a circle split horizontally into dark and light blue halves; a vertical blue bar on the left with a circle split horizontally into dark and light blue halves; and a central blue circle split vertically into dark and light blue halves.

the **meeting** pod .co.uk

meeting pod technical specification

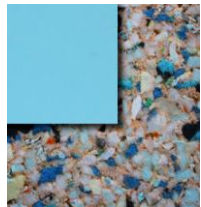

standard specification

Acoustic Foam Lining- convoluted foam (egg crate pattern) in charcoal grey, designed to control the acoustics. Similar characteristics of recording studios, auditoriums, home cinemas etc.

Seat Material- wipe clean grey vinyl.

Seat Foam- 3", 6lb reconstituted foam with 1" blue topper. All foam materials comply BS 5852 flammability performance requirements and cigarette/ match ignite test.

Shells- Constructed from white recycled resin, typically 1800 bottle tops makes up a 4 person pod. Our choice for white stems from its resistance to discolouring.

bespoke options

External options:

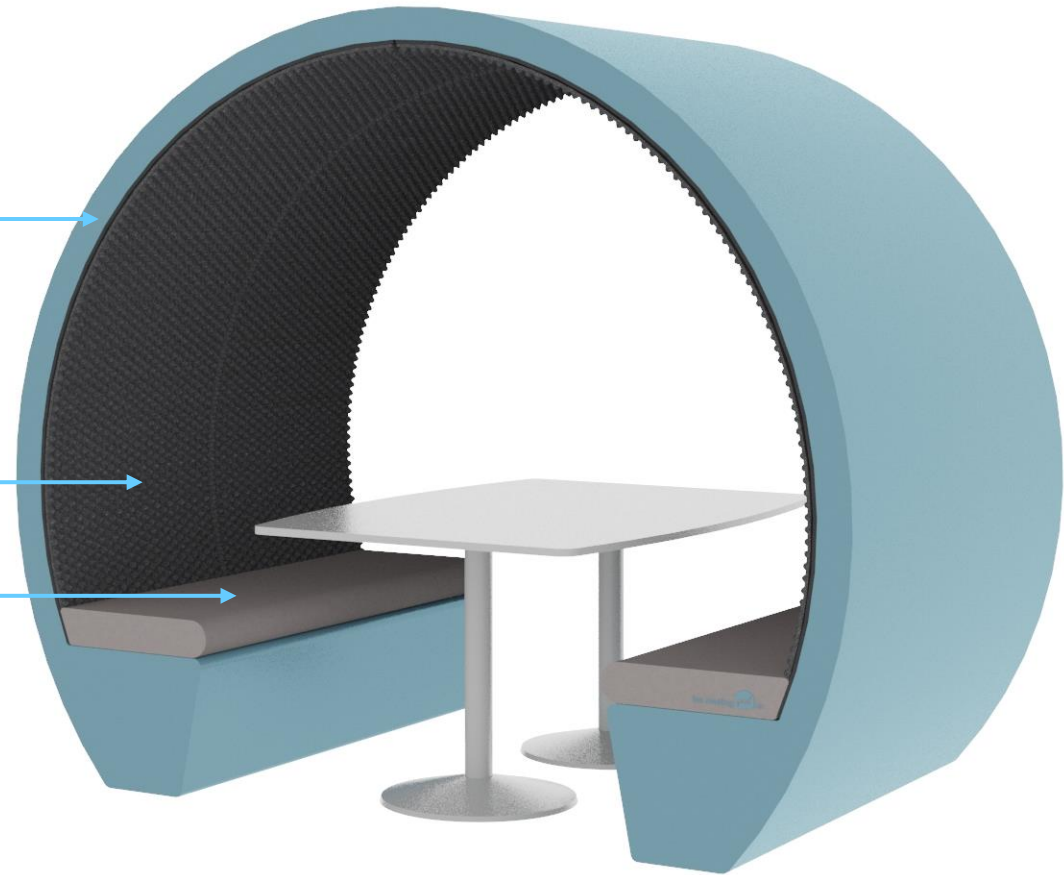

- Change in pod shell colour to any RAL chart colour
- Vinyl wrapping
- Biophilic wrapping
- Wood cladding

Foam options:

- Change in foam colour to any RAL chart colour
- Upgrade to bolstered foam (choose from any of the below fabrics)

Fabric options (Camira):

- Era Range
- Blazer Range
- Xtreme Range
- Synergy Range
- Gravity Range
- Advantage range
- Vita Range

power options

● premium pendant lighting

Tala pendant lighting system with filament lamps made of mouth blown glass, achieves 540 lumens.

● acoustic upgrade

Rockwool insulated shell cavities and pod flooring for enhanced acoustic properties.

● standard lighting

Infrared sensor switch. LED cable lighting with adjustable spotlight heads, using 85% less energy and lasting up to 20 times longer than incandescent bulbs.

● mains power connection

1 x double power point with 2 x USB connectors is fitted to the back panel (or into the seat base if no back panel is selected)- 2m connection lead with 13amp fused plug exiting bottom centre of back panel.

● tech pack

Option for pods with power connection and fitted back panel. Screen hanging arm, additional single power point at screen hanging level, HDMI connector and Ethernet to accommodate screen hanging with pod.

● warranty

A five year warranty is supplied on the composite structure of the meeting pods covering normal use for the purposes of meetings. In addition the benefit of any manufacturers' warranty given by a third party supplier of Goods will be assigned to the Buyer. No liability will be accepted for any defect arising from fair wear and tear, wilful damage, negligence, misuse, alteration or repair without the Seller's approval in writing.

dimensions & weights

open ring meeting pods

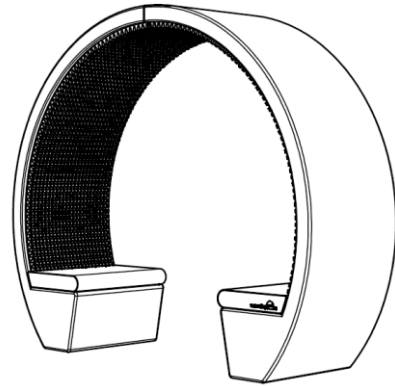

2 person meeting pod

L750mm x W2500mm x H2100mm

Structure, acoustic foam fit out & seating= 60kg

Table & leg= 16kg

LED lighting= 2kg

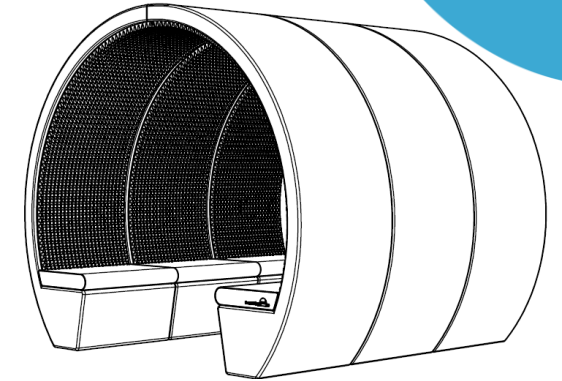

6 person meeting pod

L2250mm x W2500mm x H2100mm

Structure, acoustic foam fit out & seating= 180kg

Table & leg= 42kg

LED lighting= 2kg

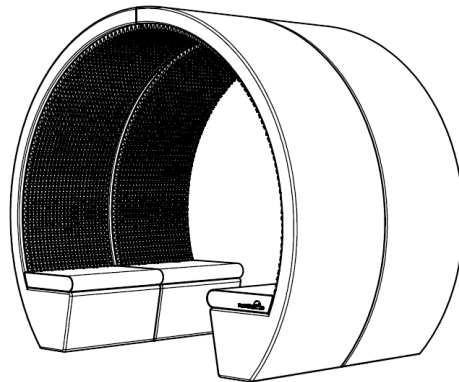

4 person meeting pod

L1500mm x W2500mm x H2100mm

Structure, acoustic foam fit out & seating= 120kg

Table & leg= 32kg

LED lighting= 2kg

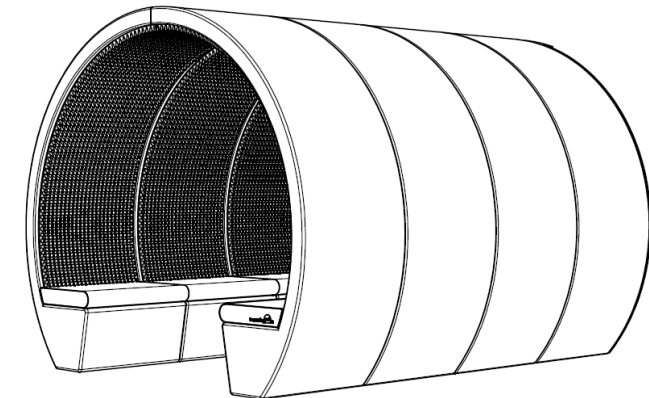

8 person meeting pod

L3000mm x W2500mm x H2100mm

Structure, acoustic fit out & seating= 240kg

Table & leg= 58kg

LED lighting= 2kg

accessory options

Acoustic Back Panel- Acoustic foam wings with central core back

Glass Back Panel- Double-glazed wings with central core back

Full Glass Front Enclosure- Double-glazed wings with composite double-glazed door

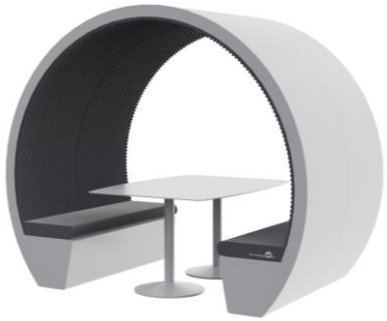

Tables- White textured Formica table top with chamfered edges, cast steel table base powder coated textured finish. Size and profile variations dependent on pod size and open/enclosed configurations

Air Ventilation- For meeting pods with back panels and full glass enclosures an airflow system is fitted which is operated from the light switch. Standard air flow system with silent running extractor fan will exchange up to 95m³ of air per hour

installation information

installation hours

open ring pods- up to 2 hours

part enclosed pods- up to 4 hours

fully enclosed pods- up to 6 hours

installation requirements

- Local parking
- Access information to installation site
- Completion of pre-installation questionnaire
- Confirmation if site induction required

remarkable design

Our in-house design team work to achieve design that deliver statement pieces in any workplace or home environment combined with a functionality that makes our products a joy to work from

exceptional quality

Our production team recognise quality sits alongside consistency, so we must be proud of every product that is manufactured by us

sustainability

From design, engineering, material sourcing, transportation and support, all aspects of our manufacturing continuously evolve to minimize negative environmental impact. Our 4 person Meeting/Outdoor Pod shell's composite resin has been sourced from a recycled material that is made up from 1800 plastic bottle tops

our story

expansion

Our first business move was from a 450 square foot workshop to a fully operational 3500 square foot industrial facility

a bit of home

Inspired by the yachting location, the pods adopted high quality composite materials associated with the Isle of Wight boat building industry

product growth

In 2019, after much demand, the first outdoor pod product was designed and brought to market

the meeting pod co was born

In 2016 Tom's unique curved design received unanimous praise from Mike's staff and clients and so The Meeting Pod Co Ltd was established

the pandemic

The 2020 pandemic stimulated an explosion in global demand for outdoor pods with completed projects in the US, Europe & Middle East

how it started

Mike, the CEO of a successful research agency, couldn't find a suitable meeting pod for his business, so he commissioned Tom (his carpenter son-in-law) to build one

our success

In 2021 following rapid growth we moved into the latest 10,000 square foot manufacturing facility, which houses a workforce of 25 people.
